

# A COMPREHENSIVE APPROACH TO IMAGINATIVE PLAY AND LEARNING

**IMAGINE** an award-winning, innovative building concept that includes timbers up to 24" long, connectors, triangular gable ends and interlocking panels.

**ENGAGE** true beginners and challenge 'future engineers' with hands-on learning and educational activities.

**DESIGNED** by a father for his son, these hard maple building sets are heirloom quality and lots of fun.

# Interlocking Building Sets for 5+

## KING SET - 98 Pieces 2 BONUS Duffel Bags

The King Set allows the most versatility with the ability to build more structures and wheeled vehicles. Construct a large 24" x 24" log cabin, a covered bridge, cars, or airplanes.

## COVERED BRIDGE SET - 71 Pieces BONUS Duffel Bag

Timbers and widgets! The covered bridge set adds more versatility with the ability to build larger structure -- including a covered bridge, a 12" x 12" cabin or a 12" x 24" long house.

## WHEELED VEHICLE SET - 48 Pieces BONUS Duffel Bag

The Wheeled Vehicle Set includes wheels and a variety of timbers and widgets to build many different types of vehicles -- including dragsters, low-riders, airplanes, or a "Mars rover."

## COTTAGE/BRIDGE SET - 52 Pieces BONUS Duffel Bag

Build a 12" x 12" log cabin and then use its roof panels to build a 4' bridge deck with ramps for toy cars.
